A Practical Test. W. B. Deaton, who has used every sort of a reaping machine from a reaping hook to a self binder, says the D. M. Osborne twine binder is the most complete machine he has ever seen. He has a large harvest and his wife declares it saves so much cooking that she can hardly realize they are harvesting. It does all but eat the chaff, but the wheatman who puts up and starts every machine does that business. Then, Carothers & Green are selling them every day. Farmers will do well to call round and see for themselves.

Appointments. The next convention of Salt River township S. S. Association will be held at Sabbath Home Church, Saturday Aug. 13th. Each school in the township is earnestly urged to attend.

There will be a meeting of the laboring men of Kirkville next Saturday night at the hall used by the Knights of Pythias and the one program of proceedings of the Knights of Labor. Every laboring man will find it to his interest to attend.

Rev. Russell will hold quarterly meeting at Newark for providing elder, M. L. C. on Saturday and Sunday July 13th and 14th. Rev. Retro will fill his appointments at Greenport at 11 o'clock P. M. and at Pleasant view at 3 o'clock P. M. Sunday July 15th.

GRAPHICS.

Work has commenced on the new depot at Greencastle.

The officers of the I. M. Ry., were in Kirkville on Friday.

Communication from "A Farmer" will appear in our next issue.

The Holmes tent was taken down Tuesday and shipped to Forest Springs.

The Cumberland church has been tendered and accepted for the continuance of the meetings.

The Graphic has added one hundred copies to its regular issue in the past two weeks.

The barriers around the public square are being fixed up and its helps the look decidedly.

Our correspondents in various parts of the county occupy a large amount of our space this week.

It has been suggested that the big brick livery barn could be easily turned into a fine steam mill. The proposition strikes us as a good one.

Dutcher's building on the south side looms up since it received a coat of white paint. The room is being fitted up for his own use.

Most of the people living in the east part of town slept on in this full ignorance of Sunday morning's fire.

Our thanks are due the Hon. F. M. Harrington for a copy of the auditor's report of the state of Missouri for the years 1881 and 1882.

We did not know what ailed our legal friend A. D. Rison till yesterday. A fine boy Tuesday night is what ails him. Dr. Cohen presided.

Crop prospects are a hundred per cent better in Adams county than they were three weeks ago, and farmers' faces have assumed once more a rosy and jovial expression.

Work is going forward rapidly on Smith's Business College and the building begins to attract attention by its handsome proportions.

Dr. Grove sold over six hundred glasses of soda water on the 4th. This is what may be termed "one grand fizzle."

Some Greencastle business men recently engaged in a game of marbles which reports say was remarkable for wild shooting. Can any of our readers over there tell us who wears the belt?

Mr. John W. Tinsman goes to Kansas City this week to fresco the interior of a fine church which is nearing completion.

The city printing was awarded for the ensuing year to the Weekly Graphic under sealed bids submitted to the Board on Monday night.

The directors for school district No. 1, comprising range 15, advertise for plans and specifications can be seen at the residence of C. A. Miles, in Millard.

The fishing party consisting of Sheriff Shaver, A. Orr, H. Hannach and others returned home without experiencing the usual fishermen's luck, though swollen eyes, and halting gait unmistakably speak of musquitos, buffalo gnats, and "founder."

Owing to a large addition of new subscribers and a failure to increase our orders in time, last week, the Graphic was short some eighty copies. The friends around town who so kindly returned their copies after reading in order to enable us to fill out our foreign list have our thanks.

Mr. Wm. Orr, has just finished a large dwelling near the Cumberland Presbyterian church. Mr. Thomas Sees did the carpenter work, which speaks for itself. Those wishing to build good houses would do well to see the Squire before letting their work out.

The party of hungry Kirkvillians who went to the country Monday to "assist" at the setting up of a self binder, stand forever indebted to Mrs. David Conner for a splendid dinner on that occasion. The newspaper men present being accustomed to good things every day of course partook only to a reasonable extent, but some of the others, notably Mr. Deleamer, R. F. Beekel and Sanford Snyder made a record that outstayed their friends.

Acting District Deputy Grand Master J. L. Porter installed the officers of Kirkville Lodge, No. 72 Knights of Pythias, on Monday night July 9th. Officers for ensuing term are: Sitting Post Chancellor, J. A. Tinsman; Chancellor Commander, D. D. Glenn; Prelate, W. F. Link; Master of Exchequer, Robt. Clark; Master of Finance, George Tull; Keeper of Record and Seal, W. W. Fulkerson; Master at Arms, J. W. Tinsman; Inner Guard, E. S. Link; Outer Guard, F. C. Billings.

Death's Doings.

On Wednesday afternoon Mrs. H. Bestman departed this life after a short illness of less than one week.

On the evening of the same day Mr. H. W. Trotter, after a long and painful illness of many months. He was in his 67th year.

Funerals took place on yesterday afternoon.

A Macon lady dropped in on one of her neighbors for an afternoon call "How is your daughter?" she inquired. "Splendid. She has just got back from the State Normal School, where she has ciphered clear through from ambition to chemical fractures, and then she took up pottery and joggery, and says she can speculate the internal calculations."

PERSONALS.

Rev. J. J. Bentley went to Glasgow Wednesday morning.

Mr. John Beall Sr. went to Macon Wednesday on business.

Prof. Blanton went south on the morning train on Tuesday.

Prof. Alfred Orr returns this week to Vassalia, his California home.

Mr. Work, of Memphis has been spending a few days in Kirkville.

Grandma Watson went to New Florence, Mo., Tuesday morning.

Mrs. M. McLean, of St. Louis is visiting her uncle, Dr. Mitchell, this week.

T. B. Cheesman, Esq., of Walnut township, spent Tuesday in Kirkville.

Judge A. J. Ellison took his children to visit their grand parents at Canton, Mo., last Saturday.

Our old friend and subscriber to the Graphic, Mr. A. Anspach, of Linderville, was in town one day this week.

Mrs. Emma Coons visited Edina last week, remaining over Sunday as the guest of Mrs. B. F. Henry of that place.

Mr. L. A. Willard, tired early of single cussiness, and so he started for Maryland on Saturday. Mrs. Willard will return home with him.

Mr. Jarrett, the polite and affable travelling man who represents John Wessell & Co., the cracker men of Quincy, was in town Tuesday.

Miss Ida Glenn returned from Trenton Monday, where she had been visiting her friend, Miss Turner.

Mrs. S. R. Horn, of Chetopa, Kansas, joined her husband who had preceded her here, this week and they will make Kirkville their future home.

Mr. R. Oehler, a Chicago book and stationary man, and a subscriber of the Weekly Graphic, was in town Wednesday looking up orders for the fall trade.

Mr. J. C. Cuper living five miles southeast of town, accompanied by his brother J. H. of Centralia, who is here on a visit, dropped in to see us Wednesday morning.

R. W. Means returned from Keokuk Tuesday.

Capt. R. N. Tolm of Polk Township, dropped in to see us yesterday.

Dr. Wesscher of Greencastle spent yesterday in Kirkville.

D. S. Hooper left for Dakota again on Tuesday night of this week.

Mrs. De. Willard left Wednesday evening to visit her sisters in Milan.

Mr. P. B. Bell, of Pike Co. Mo. is visiting his daughter, Mrs. J. P. Blanton of this place.

Mrs. Wm. Clark of Alma, Colorado, who has been visiting here for some time, will return home next week.

Miss Clara Bohmer who has been visiting Miss Emma Brownman, left for her home in St. Louis last week.

Mr. C. A. Allard has rented the room recently occupied by Mrs. Sizer and will run a first class restaurant.

Mr. C. J. Pollock starts this week for a trip through south-west Missouri and will probably visit Florida before his return.

John Bell, formerly a resident of Clay Township but now of Nebraska, recently lost Iowa, formerly Miss Lulu Harris of this city, is here visiting her parents and many friends.

Miss Nettie Willard left Saturday night to visit friends in Milan, Brookfield and Kansas City. She will probably stay until school begins.

Mr. A. H. Latham, postmaster at Linderville, called in to see us Wednesday. We are glad to learn that crop prospects over in Wain are improving very rapidly.

Miss Anna Shepherd returned Monday morning from a visit with friends in Kansas City, and has again taken her place in the P. O. where she will greet you with a smile, as she hands out your mail.

Judge John Ross, of Nevada, Mo., is visiting his son, Mr. B. W. Ross, of this city, the present week. Mr. Ross is a regular reader of the Graphic and gave us a substantial token of his appreciation yesterday afternoon.

Dr. Chew, of the firm of Platter & Crew, Chillicothe, made the Graphic a business call yesterday morning. His firm is one of the largest dealing in mules and horses in north Missouri.

Mrs. M. S. Montgomery and her daughter, Miss Lela, start today for Rochester, N. Y., where they will meet Mr. M. S. Montgomery, and together will visit Niagara Falls and other places of interest, and also visit relatives in Pennsylvania.

Rev. A. Russell, who went to Nevada as a delegate to the S. S. State convention and afterwards took a trip through south-western Mo. and eastern Kansas, returned home Tuesday morning and reports crops in splendid condition, and plenty of fruit including peaches at St. Louis.

Early Conner, who was in attendance at U. S. court in Keokuk with Mr. F. Glenn and others, returned home Tuesday night. We learn that Mr. Conner's suit against the railroad company for loss of horses was decided in his favor and \$200 damages awarded him.

Waimathville Waifs.

Ed. GRAPHIC.—I think this part of Adams county is being slighted by your little paper.

We are fussing and quarreling about our school affairs equal until Kirkville. Our spring term of school ended June 29. Esther Little, teacher. She gave general satisfaction. She is to teach the fall term.

We are having a splendid Sabbath school this summer.

The 3d of July Mrs. J. W. Reynolds went to Kirkville to do her summer shopping and became so excited that even her husband could not persuade her to return home with him, just because some new relatives had lately arrived.

The glorious 4th passed off quietly. An all night dance at D. McDowells, at the former residence of W. B. Reynolds, Sen. About forty couples present and they left about thirty dollars to pay for their enjoyment.

School districts in need of teachers call on H. P. Reynolds. Says he can get lots of good teachers at \$20 per month.

Crops are coming out fine and farmers now smile instead of looking blue, as they did a few weeks ago.

H. C. Dean is expected to lecture here soon, for the benefit of the church. Excuse haste. PUMPKIN.

St. Joe's best, Mexico, Macon, Slater and Quincy Flour by the car load wagon load or sack, at Ross & Co's.

ANOTHER FIRE.

The Kirkville Mills Destroyed.

About two o'clock on Sunday morning last, the Kirkville Mills were discovered to be on fire. The alarm was given by the rapid ringing of the fire bell but it came too late. When we arrived at the building the whole interior was a mass of flames, which soon broke through the mansard roof and lighted up the whole north part of town. The origin of the fire is a mystery. Those first on the ground found the engine room untouched by the flames and hence it could not have started from the furnace.

We learn that there was but little grain in the mill, but a large amount of feed and seventy-five sacks of flour were burned.

The mill had within the past year and a half been thoroughly overhauled and fitted with new machinery of the very latest and most approved kinds, at a big cost, and had but recently commenced work again.

We should judge the loss on the mill will foot up fully \$20,000 if not more. It was insured for \$8,000.

The loss is a severe one to our city and the county generally.

A Surprise.

We took a fine mile trip down the country in the direction of Prairie Bird post-office on Monday last, and must own we were agreeably surprised by the appearance of crops along the road.

The extent and quantity of the meadows was in itself a surprise, for we have not been over that road for several years, and the amount of new land under cultivation, and the signs of improvement on every hand were gratifying indeed. Oats also promise a heavy yield and will soon be ready for the sickle. We saw a few fields of corn abandoned to the weeds, but a large portion of it was in fine healthy growing condition and with anything like a favorable season will make a big showing next fall. Mr. A. J. Fight, on the Deleamer farm has over a hundred acres in fine condition, clear of weeds, and growing very rapidly. Farmers are working with a vim and a week more of good weather will find their fields in good order.

The S. P. S. L. E. Picnic.

Editor GRAPHIC:—We had the pleasure of attending a delightful social picnic given by the members of the S. P. S. L. E. society, at the residence of Mr. Guy Chandler, on the afternoon of the 29th ult. It seemed as if nature was striving to make amends for her perversity in sending rains upon each Saturday of the month, and favored the pleasure party with one rare day in June. The company was select and all seemed to enjoy themselves perfectly. Croquet, music, flirtation and light conversation occupied the afternoon and early evening, but long before 6:00 p. m. groups of nervous looking gentlemen might have been seen conferring earnestly, and fragments of their conversation would reach acute ears. "Do you not think it is about time for it?" past-six the mysterious "it" was explained by the announcement of supper, a word which seemed to electrify the entire company.

The contest for supremacy between red and yellow, black and blue, ceased as if by magic. The soft sweet nothings whispered by cooing couples were interrupted, and the earnest entreaty to the food tennel blossoms as to whether "she loves me—she loves me not" was suspended and all made a general march to the place where the table was spread. After gathering round the board all fell to work to make a good record for diligence, and 'twas well for the fair portion of the audience that Lord Byron had not lived to attend that supper. "Please pass the fried chicken," a handsome Romeo would entreat with voice husky with eager emotion and bread and butter, while his fair Juliet would lip sweetly "another pickle, please." At length the dinner came to an end as all diners must and soon the society convened. The regular programme, consisting of music, essays, declamations, readings, toasts, speeches, charades and tableaux, was carried out and the company dispersed feeling 'twas good to have been there. We noted the genial countenance of Mr. Sublette the new Graphic proprietor in our midst, and from his labors at the table we fancied "ye hungry editor" had sent his appetite alone to be appeased by his representative.

The S. P. S. L. E. society meets regularly at Mr. Chandler's every Saturday night and the interest continues unabated. JOSEY.

Millard Items.

Graphic Correspondence.

Having to prepare to celebrate the 4th, I failed to furnish any notes to the Graphic last week. Most of the Millard girls and gentlemen were at Mr. Moran's on the 4th and had a good social time and went to Kirkville to witness the fire works.

Mr. Ivie and family, Mr. Emert and family spent the fourth on the Charleston.

Mrs. James Long has been very feeble for the past week.

Mr. H. C. Sohn is one of the happiest men living, over his little daughter.

Mr. James Dodson of Kirkville spent one day with his brother Geo. Dodson.

Mrs. Griner and daughter, of Iowa, are visiting her parents and friends here.

Mr. A. L. Dennison's youngest son has been quite sick but is better at present.

We hear that there were but few at prayer meeting Wednesday, the 4th. Nevertheless we had quite an interesting meeting.

Severe Accident.

Thursday afternoon John Gates, son of E. O. Gates of this place, met with a severe and painful accident. A horse which he was riding fell with him, and his leg was caught in such a way as to cause the fracture of two bones a short distance below the knee. Dr. Grove and Stone set the broken bones.

LIKE CLOCK WORK.

The New Minneapolis Binder on Trial "Works Like a Charm."

By invitation of Mr. R. F. Beekel of the firm of Beekel & Snyder, a GRAPHIC reporter visited the farm of Mr. D. L. Conner nine miles southeast, to witness the performance of the "Minneapolis" Twine Binder a machine which the firm is now introducing in this county. Our party consisted of Mr. G. W. Deleamer, Sanford Snyder, W. J. Wilkes, E. S. Link and R. F. Beekel and Mr. Ireland, an "expert" in the machine business, who was present to see that the Binder was put together properly and given a fair chance to show its good points. The trial was made in a field of rye owned by Mr. Conner, and proved a perfect success in every particular. The machine on trial was just purchased of Beekel & Snyder by Mr. L. C. Draper, and not a hitch or stoppage was made from the start, although the machine was right out of the field before. The Minneapolis is manufactured by the Minneapolis Harvester Works of which firm Mr. Applebee whose binder is used by nearly all the first class machines in the country, is a member, and therefore contains his latest ideas and improvements.

The points of superiority claimed for the machine are:

1st—Its compactness and simplicity.

2d—Its Packer Trip which prevents clogging whatever the condition of the grain.

3rd—Its light draft and ease of operation.

The machine after a thorough trial in thick and thin, long and short, tangled and straight grain, was pronounced by all present as a complete success.

Farmers wishing a strictly first class Twine Binder, that contains all the very latest improvements, should call and see Beekel & Snyder.
